

The 52nd Meeting of APEC Energy Working Group (EWG)

Moscow, Russia, 19-20 October, 2016

4.a. APERC President's Report

Takato OJIMI
President, APERC

**Asia-Pacific
Economic Cooperation**

4.a. (1) APERC Tasks and Activities in 2016

- **Continue to meet the current acute needs of APEC member economies by choosing appropriate research themes (Start of preparation for the 7th Edition of APEC Demand and Supply Outlook)**
- **Explore win-win collaboration between APEC D/S Outlook exercise and APEC energy data network**
- **Accept trainees and dispatch experts through listening to real needs of each economy**
- **Directly assist APEC member economies with Cooperative Activities to realise their energy policy goals on both energy demand and supply sides**
- **Further enlarge and deepen the scope of Energy Security in APEC cooperative activities**

4.a. (2) APEC Energy Demand & Supply Outlook

- The 'APEC Energy Demand and Supply Outlook' project is a priority task for APERC under the APEC Energy Action Programme adopted by leaders in 1995.
- The 6th edition of the 'APEC Energy Demand and Supply Outlook' was released on 11 May 2016.
- Roadshows to present the Outlook findings were held so far in Australia; the US; Canada; PNG; Indonesia; Malaysia; the Philippines; China; Viet Nam; Chinese Taipei; Peru; and Chile.
- APERC has been gathering feedback and recommendations from economies to help guide the development of the next edition of the Outlook.

4.a. (3) APEC Energy Overview

- The '**APEC Energy Overview**' series started in 2000 with the approval of EWG19, in order to help policymakers to share useful information and deepen understanding on energy issues in the APEC region.
- The Overview is an annual publication, which contains updated energy demand/supply data as well as descriptions of energy policy and '**Notable Energy Developments**'.
- The **2015 Edition** was published in May 2016 and is available at: http://aperc.iecej.or.jp/publications/reports/energy_overview.php

** APERC appreciates the contributions and assistance by EWG and EGEDA members.*
