

7.f. EGEDA Chair Report on Activities, including Joint Organisations Data Initiative

The 59th Meeting of APEC Energy Working Group (EWG)
26-27 August 2020

James Kendell, Chair, EGEDA and Senior Vice President, APERCC

Outline

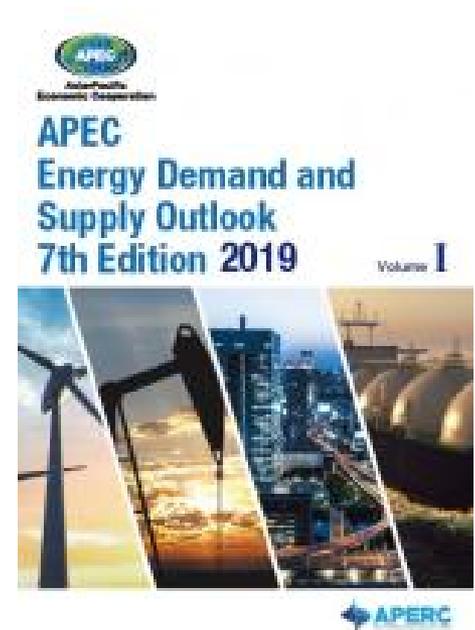

1. Regular APEC energy data collection
2. APEC energy overview
3. APEC workshop on energy statistics
4. EGEDA's short-term and middle-term training courses
5. Secretariat's participation in international meetings
 - 14th JODI conference in Egypt
 - JODI Gas information seminar in Equatorial Guinea
 - JODI inter-secretariat working group meeting
 - 17th IEF ministerial meeting
6. 31st EGEDA meeting
 - Workshop on district cooling systems

Regular APEC energy data collection (1)

- ❑ Annual energy supply and demand data for 2017 have been collected.
- ❑ APEC Energy Statistics and Handbook 2017 publications were published in March 2020
- ❑ Annual data for 2018 are now being collected and processed
- ❑ Regular quarterly and monthly data collection continues.
- ❑ Low response rate on the energy efficiency indicators template
 - No available end-use energy consumption (heating, cooling, lighting, etc.) data in many economies

Regular APEC energy data collection (2)

- ❑ APERC will use APEC data that is produced by EGEDA for the 8th APEC energy outlook
- ❑ Outlook will use petajoules (PJ) instead of million tons of oil equivalent (mtoe)
- ❑ EGEDA might also use PJ in data analysis and publications in the future

APEC Energy Overview 2019

- ❑ Drafting of APEC Overview 2019 was completed in July 2020.
- ❑ Economy chapters were sent to respective EGEDA members for review.
- ❑ Draft publication was sent to APEC secretariat for EWG members' review.
- ❑ Finalisation and publication is expected in August 2020.

APEC ENERGY
OVERVIEW
2019

18th APEC workshop on energy statistics

☐ Scheduled: 15-17 December 2020

- Focused on renewable energy statistics with the objective of improving reporting of annual data
- Will be a joint training workshop with IRENA
- To invite IEA and EGNRET to participate

☐ Agenda

- Overview of renewable energy (sources and technologies)
- Importance of accurate renewable energy data in tracking APEC's renewable energy doubling goal
- APEC's renewable energy road map analysis
- Methodologies for estimating production and consumption of renewable energy in the non-power sector

EGEDA's short- and middle-term training (2020)

- Short-term: Postponed
- Middle-term: Postponed

Special training course for Viet Nam

- No nominations for middle-term training received in 2019 from invited economies
- Instead, a special training for Viet Nam is planned to be held on 28 September - 2 October 2020 on line in replacement of the middle-term course.
- Attendees will come from:
 - Institute of Energy
 - Electricity and Renewable Energy Authority
 - General Statistics Office
- Attendees are working toward creation of the Viet Nam Energy Information System

14th international JODI conference

Held in Egypt on 20-21 October 2019

JODI Gas information session

The EGEDA Chair participated online in the JODI Gas information session held in Equatorial Guinea in 26 November 2019

JODI ISWG meeting in Paris

- The EGEDA secretariat participated in the JODI ISWG meeting in Paris on 22-23 January 2020

The 17th IEF ministerial meeting

- Due to the pandemic, this will be held in 2021 (originally scheduled to be held in April 2020)
- Heads of JODI meeting will be a side event

31st EGEDA meeting

- The meeting was postponed to November 18-19 held on line and hosted by Hong Kong, China
- The items in the draft agenda includes the following:
 - Report on data collection by the secretariat
 - Overview of APEC 2017 energy supply and demand
 - Tracking APEC energy intensity and doubling the share of RE goals
 - Global progress of JODI and in APEC
 - Collecting and estimating renewable energy statistics
 - Update on hydrogen utilization and related energy statistics
 - APERC research activities
- The workshop on district cooling systems was also postponed to the same week.

Thank you for your kind attention.
